CERTIFIED MAIL

RETURN RECEIPT REQUESTED

September 11, 1990

Mr. Alan McManus
Spring Industries
Post Office Box 70
Fort Mill, South Carolina 29715

RE: Old Startex Spartanburg County Landfill
Old U.S. Highway 29
Startex, South Carolina
SCD980558191

Dear Mr. McManus:

The United States Environmental Protection Agency (EPA), pursuant to the authority and requirements of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. 9601 et seq., as amended by the Superfund Amendments and Reauthorization Act (SARA), Public Law 99-499, is planning to conduct an investigation of the above referenced site. Old Startex Spartanburg County Landfill is located on Old U.S. Highway 29, Startex, South Carolina. EPA has reason to believe that there may be a release or threat of a release of hazardous substances from the site into the surrounding environment. The purpose of the investigation is to determine the nature and extent of contamination at the site and to determine what, if any, further response action would be appropriate.

As per the telephone conversation with you on August 21, 1990, EPA was granted permission for access to your property beginning on or about September 24, 1990 and continuing through the completion of the investigation on or about September 28, 1990. Activities to be conducted during the investigation include:

1. Inspect, sketch, and photograph the premises;
2. Collect surface and subsurface soil samples;
3. Collect groundwater and subsurface water samples;
4. Collect sediment samples;
5. Conduct air monitoring;
6. Transportation of equipment onto and about the site as necessary to accomplish the activities above, including trucks and sampling equipment.

The above sampling activity will be conducted by personnel from EPA Region IV's Field Investigation Team (FIT). Mr. Terry Ryland of FIT will contact you prior to the actual site visit to make final arrangements and note any changes.

Split samples will be made available if requested. However, you will be required to furnish your own containers as well as your own laboratory analyses.

If you have any questions, please contact me at (404) 347-5065. Your cooperation in this matter is appreciated.

Sincerely,

A handwritten signature in cursive script, reading "Earl L. Bozeman, Jr.".
